

The Rainy Day Yearbook

Prattonia 1974

(or how to keep busy on a rainy day.)

A black and white photograph of a sidewalk. The sidewalk is composed of large, square tiles arranged in a grid. Between these tiles are narrow strips of bricks, laid in a running bond pattern. The bricks are darker in color than the tiles. The overall texture is rough and weathered. The lighting is even, highlighting the different materials and the lines of the sidewalk.

It's raining it's pouring the old man is snoring

Instructions

1. Pick up crayon with left forefinger and thumb of left hand and place it between the right thumb and forefinger of right hand. (Reverse procedure if left-handed.)
2. Place the pointed end of the crayon to the page.
3. Begin moving the crayon with short back and forth strokes making sure to stay within the black lines.
4. Do not color in a circular motion. It is impolite.
5. Upon completion of a section place crayon down and repeat steps 1 through 3 using a different color crayon for each section.
6. When entire page is done, carefully tear it out of book, trim neatly, and hang it on the refrigerator door right next to your A+ Spelling tests and "What God Means to Me" Essay.
